## Warmer Weather

April has brought us a mixed bag of weather; we have had flurries, hail, gusty chilly winds and also warm breezy sunny days!

So much is happening in Spring. It is a great time of discovery for the students! The months of Spring is a catalyst of change and brings so many exciting, fun activities for students in the classroom. This enables students to make exciting connections between the Montessori materials and helping each other in their journey of discovery. As Dr. Maria Montessori says, *"Children acquire knowledge through experience in the environment"* and Spring is a great opportunity for this!

Given the early Spring we are enjoying the students will have more outdoor gym activities. It is important that your child brings a hat and sunscreen lotion to school. Please ensure that all personal articles are clearly labelled to avoid 'mistaken identities'. Also, please ensure that your child is wearing appropriate footwear to school.

Students are also enjoying doing projects like planting, watching things grow and see nature at work! Below you see children enjoying planting and students also participated in several activities for Earth Day.
