

National Mathematica Centrum Contest Rankings

TCPS has
achieved 1st
place rankings
every year for
the past eleven
years!

Congratulations!
to all our students who
wrote the Mathematica
Centrum Contests, and
a special thank you to
staff who guided and
supported the students.

Each year, thousands of students from hundreds of schools across Canada compete in the Canadian National Mathematica Centrum Contests. Six elementary contests are held, one for each grade from 3 to 8 and TCPS students make us proud year after year. Not only did TCPS students excel at their grade level but a select number of students in grade 8 also wrote the Grade 9 Newton Contest with 3 students achieving a perfect score. Outstanding!

17 Canadian Champions!

In 2018, **68,903** students from across Canada wrote the grades 3 to 9 Mathematica Centrum Contests and **17 TCPS students are Canadian Champions with perfect scores.** These students were recognized for their achievements at the Academic Awards in June.

| | |
|-----------------------|------------------|
| Grade 4 Byron-Germain | 7 perfect scores |
| Grade 7 Euler | 3 perfect scores |
| Grade 9 Newton | 3 perfect scores |
| Grade 5 Fibonacci | 2 perfect scores |
| Grade 6 Pythagoras | 2 perfect scores |

At Town Centre Private Schools, we are truly committed to helping your child unlock their full potential in every aspect of their studies.

Results like these prove that our teachers are preparing TCPS students to move forward with confidence to high school and post-secondary education.
